

The Countrycare Cat Napper

The *Countrycare Cat Napper* boarding facility provides a warm and friendly atmosphere for your cat(s). We want your cat to feel loved and cared for just like at home.

The Accommodations

Our facility is clean, comfortable, and secure. We have specially designed cat condos that offer a warm and bright atmosphere. The condos have resting platforms and "portholes" that may be opened so that your cat can roam about and play.

There is a large window, so the cats can enjoy the country surroundings. The room is heated and air-conditioned, so the temperature will be as comfortable as your home no matter what time of the year it is!

The cat napper is completely separate from all hospitalized patients. Also, there are no dogs allowed in the cat napper! This allows your cat to feel safe and secure. We also provide soothing music for your cat's comfort and enjoyment.

We offer several condo options depending on your individual situation and needs. A 'Double' or 2 condos is the minimum reservation – this allows for the litter box to be separate from food and sleeping areas. You can also reserve 4 condos to allow for more space for your cat(s).

Purr -Time

Personal attention is standard, not an extra option! Every animal deserves daily love and affection! Thus, we include two "purr-times" each day for every guest. If you would like us to spend additional time with your cat, we are happy to provide more attention at an additional charge. Treats can also be given if you bring us their favorite snack.

During purr-time, your cat is allowed to roam the cat napper and use the scratching post, or just enjoy one of our friendly laps for a nice snuggle.

Group playtime for more than one cat by the *same* owner is allowed. For the safety of all our guests and disease prevention, boarding cats do NOT have contact with any of the other guests while they are here.

Medical Attention

Since Countrycare Animal Complex is a complete care center, we have veterinary staff on duty in case your cat needs medical attention at any time.

We are also able to accommodate any special needs or administration of medications that may be necessary to keep your pet happy and healthy. Please bring medications in properly labeled containers with the appropriate instructions.

We do not charge extra for these services! It is all part of receiving *countrycare* at the cat napper!

Meals

We offer high quality Wysong dry cat food. We always provide fresh water and clean bowls. It is recommended that you bring your own food for consistency and preventing gastrointestinal upset. Please make sure to provide a proper container and enough food to last their entire visit!

Belongings

Personal blankets and toys are always welcome. This helps to make our guests feel more at home. We will do everything we can to keep their belongings safe and clean, but we cannot be responsible if something is inadvertently lost or destroyed.

Even pets that do not chew items at home may be prone to chewing their blankets etc. when in a different environment. Please keep this in mind when packing your cat's suitcase.

Medical Background

All animals staying at Countrycare must be current on vaccinations. You must bring proof of current vaccination status for Rabies and the "upper respiratory combination/distemper" (RCP). Feline Leukemia vaccination is recommended. Vaccination protection is best if administered at least 14 days prior to admission. If you do not have proof of vaccinations upon admission, we will administer the vaccinations.

An examination for fleas and other contagious diseases will be given at check-in for the health and safety of all of our guests. Treatment for fleas, etc. will be required prior to admission at the owner's expense. We reserve the right to refuse admission to any cat that does not meet our requirements.

We offer a 10% multiple pet discounts if you have more than one animal (e.g. cat and dog) staying with us during the same period of time in separate accommodations.

There is a 5% discount for pets staying for 8-14 consecutive days. There is a 10% discount for pets staying 15-21 consecutive days and a 20% discount for pets staying for more than 21 days.
